For educational use only.
Not for resale.

Substantial support for the Youth Leadership Toolkit Guide and Videos was provided by the Centers for Medicare & Medicaid Services, Grant No. 11-P-92574/6-01, and the Independent Living Research Utilization, a program of TIRR/Memorial Hermann (The Institute for Rehabilitation and Research) in Houston, Texas, <http://www.ilru.org>. No official endorsement of the funder should be inferred.

Additional government support was provided by a Youth Information, Training, and Resource Center (YITRC) grant, #90DN0232, awarded by the U.S. Department of Health and Human Services' (DHHS) Administration for Children and Families (ACF) and Administration on Developmental Disabilities (ADD). The goal of the YITRC grants is to support an increasing ability of individuals with developmental disabilities to exercise greater choice, self-determination and to engage in leadership activities in their communities. <http://www.addyic.org>
